Community Care Family Care Program

Provider Directory

MILWAUKEE COUNTY 2011

The Provider Directory contains a list of Community Care network providers for the Community Care Family Care Program. This directory contains the Family Care network of providers for Milwaukee County. It is current as of April 2011. Providers may have been added or removed from the Community Care Provider Network after this directory was printed. We do not guarantee that each provider is still accepting new members. To get the most up-to-date information about our network, you can visit www.communitycareinc.org. You can also contact your Team or call Community Care at 866-992-6600 (TTY 800-947-3529).

How Services are Selected and Authorized

Community Care's Family Care program is responsible for helping you achieve your outcomes through the development and implementation of your member-centered care plan. Care plans are created using the Resource Allocation Decision Method (RAD). The RAD will help you and your Team identify your needs and the services necessary for you to achieve your outcomes. Authorized services must help you achieve your outcomes and be cost effective. Your Team is responsible for authorizing all services. For more specific information, consult your Member Handbook.

Using the Provider Network

Community Care's Provider Network includes a broad range of long-term care providers committed to helping you achieve your outcomes. You and your Team will access these providers when implementing your care plan. Our network of providers has been chosen because they will support you in getting the outcomes you want to achieve and they are willing to work with us in a cost effective manner.

Your Team is responsible for authorizing all services you receive. If you receive care that has not been authorized by your Team, you may have to pay for these services yourself. The providers of services must have a contract with Community Care's Family Care Program. If you are unhappy with any provider, you have the right to request a new provider, but you first must discuss this with your Team.

Out of network providers may be used when Network Providers:

- Do not have capacity or expertise to meet your need
- Cannot meet your need on a timely basis
- Cannot meet your cultural or language needs
- Cause an undue hardship because of geographic location or accessibility

This directory is only for members that meet the Nursing Home Level of Care.

Self-Directed Supports

Self-directed supports (SDS) are a way for you to arrange, purchase and direct your long-term care services. In SDS, you have flexibility and control because you assume the responsibility for managing your services.

If you choose SDS, you would work with your Team to establish a budget for services based on your care plan. You would be responsible for purchasing and managing those services within your established budget. Please see the SDS Guidebook for a complete description of benefits and limitations.

Community Care is a private, non-profit organization that integrates health care and well-being services to provide the wider range of help that seniors and adults with disabilities need. In business since 1977, our services allow people to continue living independently, in their own homes and communities.

Community Care has a contract with the Wisconsin Department of Health Services and is a certified care management organization.
