The Provider Directory contains a list of Community Care network providers for the Community Care Family Care Program. This directory contains the Family Care network of providers for Sheboygan County. It is current as of October 30, 2014. Providers may have been added or removed from the Community Care Provider Network after this directory was printed. We do not guarantee that each provider is still accepting new members. To get the most up-to-date information about our network, you can visit www.communitycareinc.org. You can also contact your Team or call Community Care at 866-992-6600 (TTY 800-947-3529).
**Interpreter Services**

Interpreter services are available free of charge.

For assistance in understanding this document please call:

- For translation assistance, please call 1-866-992-6600 (TTY Call the Wisconsin Relay System at 711.)
- Si necesita ayuda para traducir o entender este texto, por favor llame 1-866-992-6600 (TTY Call the Wisconsin Relay System at 711.)
- Если вам не всё понятно в этом документе, позвоните по телефону 1-866-992-6600 (TTY Call the Wisconsin Relay System at 711.)
- Yog xav tau kev pab txhais cov ntaub ntawv no kom koj totaub, hu rau 1-866-992-6600 (TTY Call the Wisconsin Relay System at 711.)

If you have special needs, this document may be available in other formats.

**What is the service area for your Community Care Family Care Program?**

This directory is for members enrolled in Community Care’s Family Care Program (Community Care). The following is the service area for your Community Care Family Care Program:

Sheboygan County

**How Services are Selected and Authorized**

When you become a Family Care member, you and your Interdisciplinary Team (Team) will assess your needs and identify your outcomes. Your Team will use this information to create a member-centered care plan. Your care plan defines your outcomes and the services and supports that will help you achieve them.

Community Care’s Family Care program will help you reach your outcomes. Community Care will support your long-term care and personal experience outcomes. We must also consider cost when planning your care and choosing providers to meet your needs.
Your Team will use the **Resource Allocation Decision (RAD)** process to make decisions about services. The RAD is a step-by-step tool you and your Team will use. It will help your Team find the most effective and efficient ways to meet your needs and support your outcomes.

For more specific information, see your Member Handbook.

### Using the Provider Network

Community Care’s provider network includes a broad range of long-term care providers. We chose our network of providers because they will help you achieve your outcomes and carry out your care plan. They will also work with us in a cost-effective manner.

Your Team must approve all services **BEFORE** you receive them. If you receive care that has not been approved by your Team, you may have to pay for the services yourself.

Providers must have a contract with Community Care’s Family Care Program. If you are unhappy with any provider, you have the right to ask for a new provider. You must talk with your Team first.

Out of network providers may **only** be used when Network Providers:
- Do not have the capacity or expertise to meet your needs
- Cannot meet your needs on a timely basis
- Cannot meet your cultural or language needs
- Cause an undue hardship because of location or accessibility

### Self-Directed Supports

Self-directed supports (SDS) are a way for you to arrange, purchase and direct your long-term care services. In SDS, you have flexibility and control because you are responsible for managing your services.

If you choose SDS, you work with your Team to establish a budget for services based on your care plan. You would be responsible for purchasing and managing those services, but you must stay within your budget. Please see the SDS Guidebook for a complete description of benefits and limitations. Your Team can also help you understand SDS and answer your questions.
