Community Care:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - o Qualified sign language interpreters
 - o Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - o Qualified interpreters
 - o Information written in other languages

If you need these services, contact your care team toll free at 1-866-992-6600.

Note to existing members: This Formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

2025 Formulary PACE

When this Drug List (Formulary) refers to “we,” “us”, or “our,” it means Community Care Health Plan, Inc. When it refers to “plan” or “our plan,” it means Community Care.

This document includes a Drug List (formulary) for our plan which is current as of 6/1/2025. For an updated Drug List (formulary), please contact us. Our contact information, along with the date we last updated the Drug List (formulary), appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2025, and from time to time during the year.

What is the Community Care formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by Community Care in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Community Care will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Community Care network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

Can the formulary change?

Most changes in drug coverage happen on January 1, but Community Care may add or remove drugs on the formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here: <http://www.communitycareinc.org>.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitutions of certain new versions of brand name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately move it to a different cost-sharing tier or add new restrictions.

We can make these immediate changes only if we are adding a new generic version of a brand name drug, or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

2025 Formulary PACE

If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled “How do I request an exception to the Community Care Formulary?”

Some of these drug types may be new to you. For more information, see the section below titled “What are original biological products and how are they related to biosimilars?”

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may remove a brand name drug from the formulary when adding a generic equivalent or remove an original biological product when adding a biosimilar. We may also apply new restrictions to the brand name drug or original biological product, or move it to a different cost-sharing tier, or both. We may make changes based on new clinical guidelines. If we remove drugs from our formulary or add prior authorization, quantity limits and/or step therapy restrictions on a drug, we must notify affected members of the change at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 34-day supply of the drug and notice of the change.

If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Community Care Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2025 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2025 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 6/1/2025. To get updated information about the drugs covered by Community Care please contact us. Our contact information appears on the front and back cover pages. Our formulary is updated monthly, and the most current version is always posted on the website. Please contact your team if you want to request a copy of the Formulary.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 2. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, Cardiovascular Agents. If you know what your drug is used for, look for the category name in the list that begins on page 2. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 63. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Community Care covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs work just as well as and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

- For discussion of drug types, please see the Evidence of Coverage, Chapter 5, Section 3.1, “The ‘Drug List’ tells which Part D drugs are covered.”

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Community Care requires you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from Community Care before you fill your prescriptions. If you don't get approval, Community Care may not cover the drug.
- **Quantity Limits:** For certain drugs, Community Care limits the amount of the drug that Community Care will cover. For example, Community Care provides 9 tablets per prescription for sumatriptan succinate. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Community Care requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Community Care may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Community Care will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 2. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization restriction and step therapy restriction. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Community Care to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Community Care formulary?" on page VIII for information about how to request an exception.

What are over-the-counter (OTC) drugs?

OTC drugs are non-prescription drugs that are not normally covered by a Medicare Prescription Drug Plan. Community Care pays for certain OTC drugs. A list of OTC drugs covered by Community Care is at the end of this booklet. Community Care will provide these OTC drugs at no cost to you. The cost to Community Care of these OTC drugs will not count toward your total Part D drug costs.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered. Community Care may cover your drug. For more information, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you learn that Community Care does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Community Care. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by Community Care.
- You can ask Community Care to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Community Care Formulary?

You can ask Community Care to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary.
- You can ask us to waive a coverage restriction including prior authorization, step therapy, or a quantity limit on your drug. For example, for certain drugs, Community Care limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Community Care will only approve your request for an exception if the alternative drugs included on the plan's formulary or applying the restriction would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask for a formulary exception, including an exception to a coverage restriction. **When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can ask for an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescriber's supporting statement.

What can I do if my drug is not on the formulary or has a restriction?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary 34-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 34-day supply of medication. If coverage is not approved, after your first 34-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

For more information

For more detailed information about your Community Care prescription drug coverage, please review your Evidence of Coverage and other plan materials.

2025 Formulary PACE

If you have questions about Community Care, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

Community Care Formulary

The formulary that begins on the page 2 provides coverage information about the drugs covered by Community Care. If you have trouble finding your drug in the list, turn to the Index that begins on page 63.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., ENTRESTO) and generic drugs are listed in lower-case italics (e.g., *lisinopril*).

The information in the Requirements/Limits column tells you if Community Care has any special requirements for coverage of your drug.

LEGEND

QL	Quantity Limit	There is a limit on the amount of this drug that is covered per prescription, or within a specific time frame.
PA	Prior Authorization	You (or your physician) are required to get prior authorization before you fill your prescription for this drug. Without prior approval, we may not cover this drug.
PA2	New Starts Only	Required for new starts only.
PA3	B vs D	To confirm Part D coverage.
ST	Step Therapy	In some cases, you may be required to first try certain drugs to treat your medical condition before we will cover another drug for that condition.
LA	Limited Access	This prescription drug is limited to certain pharmacies.

List of Drugs by Drug Type

<i>ampicillin & sulbactam sodium</i>	
AMPICILLIN AMPICILLIN 500 MG CAP, AMPICILLIN CAP 500 MG	
<i>ampicillin sodium ampicillin sodium 1 gm recon soln, ampicillin sodium for inj 1 gm, ampicillin sodium for iv soln 10 gm</i>	
AMPICILLIN-SULBACTAM SODIUM	
BICILLIN L-A	
<i>dicloxacillin sodium</i>	
<i>nafcillin sodium nafcillin sodium 1 gm recon soln, nafcillin sodium 2 gm recon soln, nafcillin sodium for inj 1 gm, nafcillin sodium for inj 2 gm, nafcillin sodium for iv soln 10 gm</i>	
PENICILLIN G POT IN DEXTROSE 40000 UNIT/ML SOLUTION, 60000 UNIT/ML SOLUTION	
<i>penicillin g potassium</i>	
PENICILLIN G SODIUM	
<i>penicillin v potassium penicillin v potassium 125 mg/5ml recon soln, penicillin v potassium 250 mg/5ml recon soln, penicillin v potassium tab 250 mg, penicillin v potassium tab 500 mg</i>	
<i>piperacillin sodium-tazobactam sodium</i>	
CARBAPENEMS	
<i>ertapenem sodium</i>	
IMIPENEM-CILASTATIN IMIPENEM-CILASTATIN 250 MG RECON SOLN, IMIPENEM-CILASTATIN INTRAVENOUS FOR SOLN 500 MG	
<i>meropenem</i>	
MACROLIDES	
<i>azithromycin for susp 100 mg/5ml, for susp 200 mg/5ml, iv for soln 500 mg, tab 250 mg, tab 500 mg, tab 600 mg</i>	
<i>clarithromycin clarithromycin 125 mg/5ml recon susp, clarithromycin 250 mg/5ml recon susp, clarithromycin tab 250 mg, clarithromycin tab 500 mg, clarithromycin tab er 24hr 500 mg</i>	
DIFICID 200 MG TAB	
ERYTHROCIN LACTOBIONATE	

Descriptions for abbreviations found in the Requirements/Limits column of this table can be found on page 1.

DRUG	REQUIREMENTS/LIMITS
<i>erythromycin base erythromycin base 250 mg cp dr part, erythromycin tab 250 mg, erythromycin tab 500 mg, erythromycin tab delayed release 250 mg, erythromycin tab delayed release 333 mg, erythromycin tab delayed release 500 mg</i>	
<i>erythromycin ethylsuccinate erythromycin ethylsuccinate 400 mg tab, erythromycin ethylsuccinate for susp 200 mg/5ml, erythromycin ethylsuccinate for susp 400 mg/5ml, erythromycin ethylsuccinate tab 400 mg</i>	
<i>erythromycin lactobionate</i>	
ERYTHROMYCIN STEARATE	
QUINOLONES	
<i>ciprofloxacin hcl tab 250 mg equiv), tab 500 mg equiv), tab 750 mg equiv)</i>	
CIPROFLOXACIN IN D5W CIPROFLOXACIN 200 MG/100ML IN D5W, CIPROFLOXACIN IN D5W 200 MG/100ML SOLUTION	
<i>levofloxacin in d5w in soln 500 mg/100ml, in soln 750 mg/150ml</i>	
<i>levofloxacin oral soln 25 mg/ml, tab 250 mg, tab 500 mg, tab 750 mg</i>	
MOXIFLOXACIN HCL IN NACL	
MOXIFLOXACIN HCL MOXIFLOXACIN HCL 400 MG/250ML SOLUTION, MOXIFLOXACIN HCL TAB 400 MG (BASE EQUIV)	
OFLOXACIN OFLOXACIN 300 MG TAB, OFLOXACIN TAB 400 MG	
SULFONAMIDES	
<i>sulfacetamide sodium (acne)</i>	
<i>sulfadiazine tab 500 mg</i>	
<i>sulfamethoxazole-trimethoprim -susp 200-40 mg/5ml, -tab 400-80 mg, -tab 800-160 mg</i>	
TETRACYCLINES	
<i>demeclocycline hcl</i>	
<i>doxycycline (monohydrate)</i>	

Descriptions for abbreviations found in the Requirements/Limits column of this table can be found on page 1.

DRUG	REQUIREMENTS/LIMITS
<i>doxycycline hyclate doxycycline hyclate 80 mg tab dr, doxycycline hyclate cap 50 mg, doxycycline hyclate cap 100 mg, doxycycline hyclate for inj 100 mg, doxycycline hyclate tab 20 mg, doxycycline hyclate tab 50 mg, doxycycline hyclate tab 75 mg, doxycycline hyclate tab 100 mg, doxycycline hyclate tab 150 mg, doxycycline hyclate tab delayed release 50 mg, doxycycline hyclate tab delayed release 75 mg, doxycycline hyclate tab delayed release 100 mg, doxycycline hyclate tab delayed release 150 mg, doxycycline hyclate tab delayed release 200 mg</i>	
<i>minocycline hcl cap 50 mg, cap 75 mg, cap 100 mg, tab 50 mg, tab 75 mg, tab 100 mg, tab er 24hr 105 mg, tab er 24hr 115 mg, tab er 24hr 135 mg, tab er 24hr 45 mg, tab er 24hr 55 mg, tab er 24hr 65 mg, tab er 24hr 80 mg, tab er 24hr 90 mg</i>	
MINOCYCLINE HCL ER	
<i>tetracycline hcl cap 250 mg, cap 500 mg</i>	
ANTICONVULSANTS	
ANTICONVULSANTS, OTHER	
BRIVIACT 10 MG TAB, 10 MG/ML SOLUTION, 25 MG TAB, 50 MG TAB, 75 MG TAB, 100 MG TAB	
DIACOMIT	
<i>divalproex sodium cap delayed release sprinkle 125 mg, tab delayed release 125 mg, tab delayed release 250 mg, tab delayed release 500 mg, tab er 24 hr 250 mg, tab er 24 hr 500 mg</i>	
EPIDIOLEX	PA2
EPRONTIA	
<i>felbamate</i>	
FINTEPLA	
FYCOMPA	

Descriptions for abbreviations found in the Requirements/Limits column of this table can be found on page 1.

DRUG	REQUIREMENTS/LIMITS
<i>lamotrigine orally disintegrating tab 25 mg, orally disintegrating tab 50 mg, orally disintegrating tab 100 mg, orally disintegrating tab 200 mg, tab 25 mg, tab 25 mg (42) & 100 mg (7) starter kit, tab 35 x 25 mg starter kit, tab 84 x 25 mg & 14 x 100 mg starter kit, tab 100 mg, tab 150 mg, tab 200 mg, tab chewable dispersible 5 mg, tab chewable dispersible 25 mg, tab disint 21 x 25 mg & 7 x 50 mg titration kit, tab disint 25 (14) & 50 mg (14) & 100 mg (7) kit, tab disint 42 x 50mg & 14 x 100mg titration kit, tab er 24hr 100 mg, tab er 24hr 200 mg, tab er 24hr 25 mg, tab er 24hr 250 mg, tab er 24hr 300 mg, tab er 24hr 50 mg</i>

For more recent information or other questions, please contact Community Care Customer Service at 1-800-992-6600 or for TTY users, the Wisconsin Relay System at 711. You can call from 8:00 a.m. to 8:00 p.m., 7 days a week, or visit www.communitycareinc.org.

Community Care is a private, non-profit organization that integrates health care and well-being services to provide the wider range of help that seniors and adults with disabilities need. In business since 1977, our services allow people to continue living independently, in their own homes and communities.

Community Care contracts with the Centers for Medicare and Medicaid Services (CMS) and the Wisconsin Department of Health Services (DHS) to offer this Program of All-Inclusive Care for the Elderly (PACE).
