Introduction

This document is called the *List of Covered Drugs* (also known as the *Drug List*). It tells you which prescription drugs are covered by Community Care’s Family Care Partnership Program. The *Drug List* also tells you if there are any special rules or restrictions on any drugs covered by Community Care. Key terms and their definitions appear in the last chapter of the *Evidence of Coverage*.

If you have questions, please call Community Care at 1-866-992-6600 or for TTY users call 711, 24 hours a day, 7 days a week. The call is free. **For more information**, visit <http://www.communitycareinc.org>.

A. Disclaimers

This is a list of drugs that members can get in Community Care's Family Care Partnership Program.

Community Care has a Medicare Advantage Special Needs Plan contract with the Center for Medicare and Medicaid Services (CMS) and a contract with the Wisconsin Department of Health Services (DHS) for the Medicaid Program. Enrollment is available to individuals who have both Medical Assistance from the State and Medicare, reside in the service area and are functionally eligible as determined by the Wisconsin Long-Term Care Functional Screen. Enrollment in Community Care depends on contact renewal.

Benefits, premiums, deductibles, and/or copayments/coinsurance may change on January 1, 2026.

The formulary, pharmacy network, and/or provider network may change at any time. You will receive notice when necessary. We will notify affected members about changes at least 30 days in advance.

- ❖ You can always check Community Care's up-to-date *List of Covered Drugs* online at <http://www.communitycareinc.org> or by calling Member Services toll free at 1-866-992-6600. TTY users should call 711. This call is free.
- ❖ This document is available for free in Chinese, Hmong, Spanish, Lao, Russian, and Serbo-Croatian. Please contact Member Services at 866-992-6600 (TTY users should call 711) for assistance.
- ❖ You can get this document for free in other formats, such as large print, braille, or audio. Call Member Services toll free at 1-866-992-6600. TTY users should call 711. You may call us 24 hours a day, 7 days a week. This call is free.

Interpreter Services

English: We have free interpreter services to answer any questions you may have about our health or drug plan. To get an interpreter, just call us at 1-866-992-6600 (TTY: 711). Someone who speaks English/Language can help you. This is a free service.

Spanish: Tenemos servicios de intérprete sin costo alguno para responder cualquier pregunta que pueda tener sobre nuestro plan de salud o medicamentos. Para hablar con un intérprete, por favor llame al 1-866-992-6600 (TTY: 711). Alguien que hable español le podrá ayudar. Este es un servicio gratuito.

Chinese Mandarin: 我们提供免费的翻译服务，帮助您解答关于健康或药物保险的任何疑问。如果您需要此翻译服务，请致电 1-866-992-6600 (TTY: 711)。我们的中文工作人员很乐意帮助您。这是一项免费服务。

If you have questions, please call Community Care at 1-866-992-6600 or for TTY users call 711, 24 hours a day, 7 days a week. The call is free. **For more information**, visit <http://www.communitycareinc.org>.

Chinese Cantonese: 您對我們的健康或藥物保險可能存有疑問，為此我們提供免費的翻譯服務。如需翻譯服務，請致電 1-866-992-6600 (TTY: 711)。我們講中文的人員將樂意為您提供幫助。這是一項免費服務。

Tagalog: Mayroon kaming libreng serbisyo sa pagsasalang-wika upang masagot ang anumang mga katanungan ninyo hinggil sa aming planong pangkalusugan o panggamot. Upang makakuha ng tagasalang-wika, tawagan lamang kami sa 1-866-992-6600 (TTY: 711). Maaari kayong tulungan ng isang nakakapagsalita ng Tagalog. Ito ay libreng serbisyo.

French: Nous proposons des services gratuits d'interprétation pour répondre à toutes vos questions relatives à notre régime de santé ou d'assurance-médicaments. Pour accéder au service d'interprétation, il vous suffit de nous appeler au 1-866-992-6600 (TTY: 711). Un interlocuteur parlant Français pourra vous aider. Ce service est gratuit.

Vietnamese: Chúng tôi có dịch vụ thông dịch miễn phí để trả lời các câu hỏi về chương sức khỏe và chương trình thuốc men. Nếu quý vị cần thông dịch viên xin gọi 1-866-992-6600 (TTY: 711) sẽ có nhân viên nói tiếng Việt giúp đỡ quý vị. Đây là dịch vụ miễn phí.

German: Unser kostenloser Dolmetscherservice beantwortet Ihren Fragen zu unserem Gesundheits- und Arzneimittelplan. Unsere Dolmetscher erreichen Sie unter 1-866-992-6600 (TTY: 711). Man wird Ihnen dort auf Deutsch weiterhelfen. Dieser Service ist kostenlos.

Community Care:

- ❖ Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - o Qualified sign language interpreters
 - o Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - o Qualified interpreters
 - o Information written in other languages

If you need these services, contact your care team toll free at 1-866-992-6600.

If you have questions, please call Community Care at 1-866-992-6600 or for TTY users call 711, 24 hours a day, 7 days a week. The call is free. **For more information**, visit <http://www.communitycareinc.org>.

- ❖ *Your preferred language is addressed during your initial assessment by Community Care and maintained in your health record. This information is available to all staff who interact and provide services to you. You can change your preferred language and/or communication format information by contacting any member of your care team.*

B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs (Drug List)*. You can read all of the FAQ to learn more, or look for a question and answer.

B1. What drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “*Drug List*” for short.)

The drugs on the *Drug List* that starts in section C, page 15 are the drugs covered by Community Care’s Family Care Partnership Program. The drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

Other drugs, such as some over-the-counter (OTC) medications and certain vitamins, may be covered by Wisconsin Medicaid. Please visit the ForwardHealth website www.dhs.wisconsin.gov/forwardhealth/resources.htm for more information. You can also call the ForwardHealth Member Service Center at 1-800-362-3002 and TTY number 711 (Wisconsin Relay), 8:00 a.m. to 5:00 p.m. Monday through Friday. Please bring your ForwardHealth ID Card when getting prescriptions through Wisconsin Medicaid.

- Community Care’s Family Care Partnership Program will cover all medically necessary drugs on the *Drug List* if:
 - your doctor or other prescriber says you need them to get better or stay healthy,
 - Community Care’s Family Care Partnership Program agrees that the drug is medically necessary for you, **and**
 - you fill the prescription at a Community Care’s Family Care Partnership Program network pharmacy.
- In some cases, you have to do something before you can get a drug. Refer to question B4 for more information.

You can also find an up-to-date list of drugs that we cover on our website at <http://www.communitycareinc.org> or call Member Services toll free at 1-866-992-6600 or for TTY users call 711.

If you have questions, please call Community Care at 1-866-992-6600 or for TTY users call 711, 24 hours a day, 7 days a week. The call is free. **For more information**, visit <http://www.communitycareinc.org>.

B2. Does the *Drug List* ever change?

Yes, and Community Care must follow Medicare and Family Care Partnership rules when making changes. We may add or remove drugs on the *Drug List* during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior authorization for a drug. (Prior authorization is permission from Community Care before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you're taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the *Drug List* now, **or**
- we learn that a drug isn't safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the *Drug List* changes.

- You can always check Community Care's Family Care Partnership Program's up-to-date *Drug List* online at <http://www.communitycareinc.org>. Updates to the *Drug List* are posted on the website monthly.
- You can also call Member Services toll free at 1-866-992-6600 or for TTY users call 711 to check the current *Drug List*.

B3. What happens when there is a change to the *Drug List*?

Some changes to the *Drug List* will happen **immediately**. For example:

- **Substitutions of certain new versions of drugs.** We may immediately remove the drugs from the *Drug List* if we replace them with certain new versions of that drug, but your cost for the new drug will remain \$0 with the same or fewer restrictions. When we add a new version of a drug, we may also decide to keep the brand name drug or original biological product on the list but change its coverage rules or limits.

If you have questions, please call Community Care at 1-866-992-6600 or for TTY users call 711, 24 hours a day, 7 days a week. The call is free. **For more information**, visit <http://www.communitycareinc.org>.

- We may not tell you before we make this change, but we'll send you information about the specific change we made once it happens.
- We can make these changes only if the drug we're adding:
 - is a new generic version of a brand name drug, or
 - is a certain new biosimilar version of original biological products on the *Drug List* (for example, adding an interchangeable biosimilar that can be substituted for an original biological product without a new prescription).
 - Some of these drug types may be new to you. For more information, refer to Section B14.
- You or your provider can ask for an exception from these changes. We'll send you a notice with the steps you can take to ask for an exception. Please refer to questions B10-B12 for more information on exceptions.
- **Remove unsafe drugs and other drugs that are taken off the market.** Sometimes a drug may be found unsafe or taken off the market for another reason. If this happens, we may immediately take it off the *Drug List*. If you're taking the drug, we'll send you a notice after we make the change. If you receive notice that a drug is taken off the market, contact your prescriber to discuss treatment alternatives.

We may make other changes that affect the drugs you take. We'll tell you in advance about these other changes to the *Drug List*. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We remove a brand name drug from the *Drug List* when adding a generic drug that isn't new to the market, or
- we remove an original biological product when adding a biosimilar, or
- we change the coverage rules or limits for the brand name drug.

When these changes happen, we'll:

- tell you at least 30 days before we make the change to the *Drug List* **or**
- let you know and give you a 34-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- if there's a similar drug on the *Drug List* you can take instead **or**

If you have questions, please call Community Care at 1-866-992-6600 or for TTY users call 711, 24 hours a day, 7 days a week. The call is free. **For more information**, visit <http://www.communitycareinc.org>.

- whether to ask for an exception from these changes. To learn more about exceptions, refer to questions B10-B12.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization:** For some drugs, you or your doctor or other prescriber must get authorization from Community Care before you fill your prescription. Prior authorization is different from a referral. Community Care's Family Care Partnership Program may not cover the drug if you don't get prior authorization.
- **Quantity limits:** Sometimes Community Care's Family Care Partnership Program limits the amount of a drug you can get.
- **Step therapy:** Sometimes Community Care's Family Care Partnership Program requires you to do step therapy. This means you'll have to try drugs in a certain order for your medical condition. You might have to try one drug before we'll cover another drug. If your prescriber thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables in section C1. You can also get more information by visiting our website at <http://www.communitycareinc.org>. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there's a similar drug on the *Drug List* you can take instead or whether to ask for an exception. Refer to questions B10-B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table in the section titled List of Drugs by drug type in section C, page 15 has a column labeled "Necessary actions, restrictions, or limits on use."

B6. What happens if Community Care's Family Care Partnership Program changes their rules about how they cover some drugs (for example, prior authorization, quantity limits, and/or step therapy restrictions)?

In some cases, we'll tell you in advance if we add or change prior authorization, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this

If you have questions, please call Community Care at 1-866-992-6600 or for TTY users call 711, 24 hours a day, 7 days a week. The call is free. **For more information**, visit <http://www.communitycareinc.org>.

advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the *Drug List* change.

B7. How can I find a drug on the *Drug List*?

There are two ways to find a drug:

- you can search alphabetically, **or**
- you can search by drug type.

To search **alphabetically**, look for your drug in the Index of Covered Drugs section. You can find the Index that begins on page 79. The Index of Covered Drugs is an alphabetical list of all of the drugs included in the *Drug List*. Brand name drugs and generic drugs are listed in the index.

To search by drug type, find the section C, page 15 labeled “List of Drugs by Drug Type”. The drugs in this section are grouped into categories by type. For example, if you are taking a medicine for migraines, you should look in the “Antimigraine Agents” category. That is where you will find drugs that treat migraines.

B8. What if the drug I want to take isn’t on the *Drug List*?

If you don’t find your drug on the *Drug List*, call Member Services toll free at 1-866-992-6600 or for TTY users call 711 and ask about it. If you learn that Community Care’s Family Care Partnership Program won’t cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the *Drug List* that is like the one you want to take. **Or**
- You can ask Community Care’s Family Care Partnership Program to make an exception to cover your drug. Refer to questions B10-B12 for more information about exceptions.

B9. What if I’m a new Community Care Family Care Partnership Program member and can’t find my drug on the *Drug List* or have a problem getting my drug?

We can help. We may cover a temporary 34-day supply of your drug during the first 90 days you’re a member of Community Care’s Family Care Partnership Program. This will give you time to talk to your doctor or other prescriber. They can help you decide if there’s a similar drug on the *Drug List* you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we’ll allow multiple refills to provide up to a maximum of 34 days of medication.

If you have questions, please call Community Care at 1-866-992-6600 or for TTY users call 711, 24 hours a day, 7 days a week. The call is free. **For more information**, visit <http://www.communitycareinc.org>.

We'll cover a 34-day supply of your drug if:

- You're taking a drug that isn't on our *Drug List*, **or**
- our plan rules don't let you get the amount ordered by your prescriber, **or**
- the drug requires prior authorization by Community Care's Family Care Partnership program, **or**
- you are taking a drug that's part of a step therapy restriction

If you're in a nursing home or other long-term care facility and need a drug that isn't on the *Drug List* or if you can't easily get the drug you need, we can help. If you've been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We'll cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you're a new Community Care Family Care Partnership Program member.
- This is in addition to the temporary supply during the first 90 days you're a member of Community Care's Family Care Partnership Program.

If your level of care changes and you become a resident of a long-term care facility, Community Care will provide at least a 31-day supply (unless the prescription is written for less) with refills provided.

B10. Can I ask for an exception to cover my drug?

Yes. You can ask Community Care's Family Care Partnership Program to make an exception to cover a drug that isn't on the *Drug List*.

You can also ask us to change the rules on your drug.

- For example, Community Care's Family Care Partnership Program may limit the amount of a drug we'll cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior authorization requirements.

B11. How can I ask for an exception?

To ask for an exception, call Member Services at 1-866-992-6600. TTY users should call the Wisconsin relay System at 711 or call 414-902-2529 for a plan representative. A Member Services representative will work with you and your prescriber to help you ask for an exception. You can also read **Chapter 9, section G** of the *Evidence of Coverage* to learn more about exceptions.

If you have questions, please call Community Care at 1-866-992-6600 or for TTY users call 711, 24 hours a day, 7 days a week. The call is free. **For more information**, visit <http://www.communitycareinc.org>.

B12. How long does it take to get an exception?

After we get a statement from your prescriber supporting your request for an exception, we'll give you a decision within 72 hours. Please fax coverage requests to 414-672-3958 or call 414-902-2539 or 1-866-992-6600. TTY users should call the Wisconsin relay System at 711.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and generally work just as well. They usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA). There are generic drugs available for many brand name drugs. Generic drugs usually can be substituted for brand name drugs at the pharmacy without a new prescription—depending on state laws.

Community Care's Family Care Partnership Program covers both brand name drugs and generic drugs.

B14. What are original biological products and how are they related to biosimilars?

When we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have forms that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For more information on drug types, refer to **Chapter 5** of the *Evidence of Coverage*.

B15. What are OTC drugs?

OTC stands for "over-the-counter". OTC drugs are non-prescription drugs that are not normally covered by a Medicare Prescription Drug Plan. Community Care's Family Care Partnership Program covers some OTC drugs when they are written as prescriptions by your provider.

A list of OTC drugs covered by Community Care is at the end of this booklet. Community Care will provide these OTC drugs at no cost to you. The cost to Community Care of these OTC drugs will not count toward your total Part D drug costs.

If you have questions, please call Community Care at 1-866-992-6600 or for TTY users call 711, 24 hours a day, 7 days a week. The call is free. **For more information**, visit <http://www.communitycareinc.org>.

B16. Can I get prescriptions delivered to my home from my local pharmacy?

Your local pharmacy may be able to deliver your prescription to your home. You can call your pharmacy to find out if they offer home delivery.

B17. What is my copay?

Community Care Family Care Partnership Program members have \$0 for prescriptions as long as the member follows the plan's rules. Refer to questions B15 for more information about OTC drugs.

C. Overview of the *List of Covered Drugs*

The *List of Covered Drugs* gives you information about the drugs covered by Community Care's Family Care Partnership Program. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins in section D, page 79. The index alphabetically lists all drugs covered by Community Care's Family Care Partnership Program.

C1. List of Drugs by Drug Type

The drugs in this section are grouped into categories by type. For example, if you are taking a medicine for migraines, you should look in the "Antimigraine Agents" category. That is where you will find drugs that treat migraines.

The first column of the table lists the name of the drug. Generic drugs are listed in lower-case italics (for example, *lisinopril*), and brand name drugs are capitalized (for example, KERENDIA). The information in the "Necessary actions, restrictions, or limits on use" column tells you if Community Care has any rules for covering your drug.

If you have questions, please call Community Care at 1-866-992-6600 or for TTY users call 711, 24 hours a day, 7 days a week. The call is free. **For more information**, visit <http://www.communitycareinc.org>.

LEGEND

QL	Quantity Limit	There is a limit on the amount of this drug that is covered per prescription, or within a specific time frame.
PA	Prior Authorization	You (or your physician) are required to get prior authorization before you fill your prescription for this drug. Without prior approval, we may not cover this drug.
PA2	New Starts Only	Required for new starts only.
PA3	B vs D	To confirm Part D coverage.
ST	Step Therapy	In some cases, you may be required to first try certain drugs to treat your medical condition before we will cover another drug for that condition.
LA	Limited Access	This prescription drug is limited to certain pharmacies.

If you have questions, please call Community Care at 1-866-992-6600 or for TTY users call 711, 24 hours a day, 7 days a week. The call is free. **For more information**, visit  <http://www.communitycareinc.org>.

For more recent information or other questions, please contact Community Care Customer Service at 1-800-992-6600 or for TTY users, the Wisconsin Relay System at 711. You can call from 8:00 a.m. to 8:00 p.m., 7 days a week, or visit www.communitycareinc.org.

Community Care is a private, non-profit organization that integrates health care and well-being services to provide the wider range of help that seniors and adults with disabilities need. In business since 1977, our services allow people to continue living independently, in their own homes and communities.

The Community Care Family Care Partnership Program (HMO SNP) is a Coordinated Care Plan with a Medicare Advantage Contract and a contract with the Wisconsin Department of Health Services for the Medicaid Program. Enrollment in Community Care depends on contract renewal.
