FOR IMMEDIATE RELEASE: August 23, 2018

Community Care to Host FREE Health Matters Event at its Waukesha Day Center on September 15

WAUKESHA, Wis. – Community Care Inc., will be hosting a Community Health Matters Event from 10 am to 2 pm on Saturday, September 15, at its Waukesha Day Center located at 1801 Dolphin Drive in Waukesha.

The event is free and open to the public and will include: flu shots, blood pressure checks, blood glucose checks for diabetes, memory screenings, depression screenings, chair fitness screenings, educational presentations and meet and greets with Community Care doctors as well as other local health and wellness providers including Dee's Medical Services, LLC, the Waukesha Fire Department, a mobile food pantry, and more.

According to Kenneth Munson, chief executive officer, "We know there are many people in the community in need of quality health services for either themselves or their loved ones. The goal of the event is to support these individuals by providing them valuable resources and to give them the opportunity to become familiar with Community Care's quality programs and services."

The Health Matters Event is one of many events that Community Care, Inc. has planned in honor of national PACE (Programs of All-Inclusive Care for Elderly) Month. Community Care Inc. is Wisconsin's only PACE provider serving over 500 adults in Milwaukee, Racine, and Waukesha Counties. PACE programs provide and coordinate all needed preventive, primary, acute and long term care services so that older individuals can continue living in the community, rather than living in a nursing home.

Community Care Inc., headquartered in Brookfield, Wis., is a private nonprofit organization that serves the long-term care and health needs of more than 10,000 older adults and adults with physical or intellectual disabilities. Founded in 1977, Community Care is the only Wisconsin managed care organization to offer all three programs of Family Care, Family Care Partnership and Program of All-Inclusive Care for the Elderly (PACE). The organization provides care in the 14 eastern Wisconsin counties of Calumet, Fond du Lac, Kenosha, Manitowoc, Milwaukee,

Outagamie, Ozaukee, Racine, Sheboygan, Walworth, Washington, Waukesha, Waupaca and Winnebago.
