Guidance on Adult Day Services and Programs

Guidance on adult day services, care centers, programs, and adult pre-vocational programs has been posted to the [DHS COVID-19 Long-Term Care Facilities page](#). These programs are at increased risk for COVID-19 transmission because there is increased risk when multiple people gather and interact. The guidance provides considerations related to capacity, spatial separation, physical distancing, infection control practices, and staffing.

Facilities/programs should also follow all appropriate provisions in the [COVID-19: Long-Term Care Facilities and Services](#) sections for:

- Visitors to facilities
- Guidance for all facilities
- Resources

Please contact the [Bureau of Assisted Living \(BAL\) Regional Director](#) for the county in which you are located if you have questions.

Please do not reply directly to this email message. If you have a question about the Assisted Living, email DHSDQABALCentral@dhs.wisconsin.gov.
